## OPEN ACCESS IS THE FUTURE of scientific publication

### the Journal of Public Health in Africa

is a peer-reviewed, electronic  
quarterly, that focuses on health  
issues in the African continent.

The journal editors seek high  
quality original articles on public  
health related issues, reviews,  
comments and more. The aim of  
the journal is to move public  
health discourse from the  
background to the forefront. The  
success of Africa's struggle against  
disease depends on public health  
approaches.

### the Journal of Public Health in Africa

is published by PAGEPress, a  
division of MeditGroup, and is
